My husband and I relocated from out of state, so we weren't necessarily sure what area of town we wanted to live in. We also had some purchasing constraints as we were both being relocated by our employers. Despite all of this, Lynette spent countless hours with us to find the right part of town for us. She went above and beyond to 1) make sure that we were making the right decision with regards to building a new home and 2) to keep the builder in line. Her extensive knowledge of construction, engineering, and overall attention to detail was extremely valuable. She was also just a text, email, or phone call away. We highly recommend her to anyone who is looking for a Realtor who will be 100% engaged in the entire process. Chase and Reese Dickinson, Spring Branch

As a small business owner, I was looking to expand my business and to open a second location. Lynette quickly asked the right questions so she understood what the critical elements were and went to work locating the best property matches. Within 2 days we found the perfect location. Lynette used her expertise to help me through the negotiation process and was by my side every step of the way as we worked through the build-out process.

Lynette answered all of my questions with insightful and honest answers and she ALWAYS looked out for MY best interest. If you're looking for a realtor that cares about you, then look no further, Lynette is the real deal!

I highly recommend Lynette, she is a one-in-a-million realtor.

I've worked with Lynette Lew over a number of years and she is the best real estate agent I have ever worked with. She knows the Houston market incredibly well and had great insights into the market. Lynette was always available to us, and always very personable. She was outstanding at developing a sales strategy. Lynette is incredibly smart, knowledgeable, reliable, diligent, and truly outstanding at her job. Best of all, she is on your side and is always looking out for your best interests. She has true integrity. I highly recommend Lynette Lew.

I moved across country and had three days to find a home. Not knowing Houston at all and being a single mom of three small children it was imperative I find a safe neighborhood with good schools in close proximity to work (all within a limited price range). Not a small task for Houston! Lynette met me at the airport, saved the entire weekend for me, and had a book ready with all of the schools in the neighborhoods we were investigating along with their Best Schools ratings and full information. We found the perfect house on the second day of house hunting in the perfect neighborhood (and well within my price range!). Having one day left in Houston, Lynette went above and beyond and drove me to several area day care facilities and waited patiently while I toured and interviewed caregivers until I found one I was comfortable with. I know Lynette works with a lot of individuals with much larger budgets than I had but she made me feel like a true VIP. I cannot imagine a more positive experience. Lynette is the best I have ever worked with and would highly recommend her to anyone looking for a new home. And she does all of this with the most genuine, caring attitude of any realtor I have ever met. Thanks, Lynette. You're the greatest!!!

Lynette was great. Knowledgeable beyond my expectations. Overly thorough beyond my expectations.

Testimonials

I have nothing but high praise for Lynette Lew. She is very informative and knowledgeable in all areas of Houston. She helped us find the perfect home and has been integral in our family getting settled and building a life in a new city. She will be a part of any Real Estate transactions in the future.

Lynette was a dream to work with! I had a very challenging property, and she stuck with me through two listings and a rental. She was always available by both email and phone, was extremely knowledgeable about the process and was very honest throughout. I relied heavily upon her expertise as I was living out of state while selling the property and she acted as my liaison with all parties involved. I know that she manages multiple clients at any given time, but I never felt like I was any less important than any of her other clients. I cannot speak highly enough of her qualities - she was outstanding in every way.

We were relocating from Canada and relied heavily on Lynette's expertise of the Houston area and the process of buying a home. We spent virtually no time in Houston previously and she was able to quickly guide us to the neighbourhood we needed to be in. She understood exactly what we were looking for and spent countless hours driven us (and our kids) around Houston, not only to look at houses, but also to show us different neighborhoods, good and bad. If you're looking for a realtor who is extremely knowledgeable of the area, the current market, schools, and amenities, she is an excellent choice. Most people have many questions throughout the home buying process and Lynette's response time is phenomenal...you will not find any realtor that is more accessible than Lynette. We wouldn't hesitate to recommend her, and have actually already done so to several people.

Lynette is very easy to work with. She is professional and friendly. She is great about staying focused on what is really important to her client. So easy to communicate with. Really knowledgeable about the area and the market.

Testimonials

Wanted to share our experience with Realtor Lynette Lew from the Prudential Gary Greene, Realtors office.

We have purchased 7 homes over the last 17 years and have never, EVER had as consummate a professional as Lynette Lew. She was absolutely amazing! In a very short amount of time, she understood our desires and had a number of homes for us to review. We found our home after only looking for two days and a total of 8 houses.

It didn't stop there ... she was with us every step of the way through closing. She was a true blessing and a delight to work with ... we give her our highest personal and professional recommendation."

... Lynette is quite simply the finest realtor we ever used - period. She is - beyond a doubt - the standard I will now use for any realtor I deal with or share with my colleagues. I want you to know how special she is and how special she made us feel.

My congratulations to you for having her represent your firm.

Sincerely,

Bob and Andi M. (also left on Yelp)

Lynette is an incredible Realtor, and has sold 3 properties for me. The first one sat on the market for years until we found her, and she got it sold in a matter of months. I would suggest anyone looking to be involved with any real estate transaction to make calling Lynette your first step. Chris C.

We were blessed to find Lynette when relocating to Houston. She is very knowledgeable and really helped us find the perfect home for our family. She also helped us find many services that we needed while getting settled in. Changing jobs and cities can be very stressful and Lynette really did a great job of making everything as stress free as possible! She will be involved in all of our future Real Estate needs, Commercial and Residential.

Testimonials

Lynette was fantastic helping us find our home. I thought I had done more research than was necessary before leaving Florida, but when we got to Texas everything was different in person. Lynette searched for a perfect neighborhood and helped us find a floorplan we loved. She worked with our builder and got us a wonderful deal on a house which will work for us for many years to come. She was fantastic! If we do ever find ourselves outgrowing our home, I'll definitely be calling her to help us find the next one.

Interesting... Stumbled across this post while looking for a way to sing the praises of Lynette Lew and Prudential Gary Greene. I was recently transferred to Nashville and had to sell my home in Houston quickly. Lynette did a fantastic job helping us get our house ready to show as we had to move prior to the completion of the sale. Although we were living in another state while our house was on the market, Lynette did a great job marketing and showing the property to prospective buyers, as well as regularly keeping us posted on how the whole process was going. With all of the other things we had to stress over during our relocation, thanks to Lynette we never once worried about what was going on back in Houston. Once our house sold, I have never had a closing table experience that went as smooth and pain-free as the one she managed for us. All in all, Lynette's professionalism, knowledge, and tenacity was a fantastic asset to rely on during this crazy, stressful process.
